## **Odyssey Aviation Expands in the Bahamas**

Nassau, Bahamas (November 1, 2009) – Odyssey Aviation opens three satellite locations in the Bahamas – Treasure Cay, Abaco (MYAT); Governor’s Harbour, Eleuthera (MYEM); and Exuma International, Great Exuma (MYEF). These satellite locations will all be managed through Odyssey Bahamas corporate office in Nassau, Bahamas. They will provide handling and Texaco branded fuel from Chevron Global Aviation, as well as ground power units and lav services beginning November 1, 2009. 24 Hour Customs and Immigration will continue to be offered only at Odyssey Aviation Nassau. Odyssey plans to commence building of small FBO facilities at each of these locations in 2010.

The plans for growth come almost a year after Odyssey Aviation Nassau partnered with 7 U.S. locations – Asheville, NC; Charleston, SC; Chicago, IL; Cincinnati and Columbus, OH; Lafayette and New Orleans, LA. Now, with a total of 11 Odyssey locations, Ken Allison, President and CEO of the U.S. Odyssey locations and Steven Kelly, President and CEO of the Odyssey Bahamas locations, are quite proud of the direction their young brand has taken.

“We have been asked for years by multiple customers to extend ourselves in the Bahamas and the perfect opportunity just opened right up. These locations have been in dire need of some good FBO representation,” says Kelly.

Odyssey Aviation has been the leading FBO in the Bahamas since its inception 12 years ago, and has been consistently rated by the general aviation industry as one of the top FBOs in the Caribbean. Odyssey brings what no one else has to these locations in the Bahamas - reliability, consistency and a high quality level of service.

“We have worked with Odyssey for over a decade to promote the Texaco brands,” said Keith Sawyer, general manager of Chevron Products Company. “We appreciate their commitment to service excellence and look forward to our continued relationship.”

With 70 percent of the world’s general aviation business originating in the United States, Odyssey Aviation will be a refreshing, welcome and recognizable brand to the U.S. traveler visiting the Bahamas, as well as to international travelers seeking reliable, consistent and outstanding service.

### **About Odyssey Aviation:**

Odyssey Aviation is a partnership of 11 Flight Service Partners throughout the United States and the Bahamas. Together, they offer FBO services including ground support, parking, hangar, fuel, catering, rental cars, pilot lounges, courtesy vehicles, up-to-date flight planning rooms, wireless internet with varying amenities such as concierge service, showers, beverage bars, and modernized luxurious lounge areas for pilots and passengers. Also notable, Odyssey Bahamas has 24 Hour Customs and Immigration located in the facility.
