For Immediate Release

**Odyssey Aviation Opens Two New Handling Locations
Just in Time for the Busy Holiday Traffic**

Nassau, The Bahamas (December 6, 2011) – Odyssey Aviation Bahamas began offering handling services on November 14, 2011 at two new Bahamian locations – Governors Harbour Airport and Rock Sound Airport – both located on the island of Eleuthera.

With growing interest in the Bahamas by world travelers and the holiday season upon us, Odyssey's expansion of handling services on the island of Eleuthera couldn't have come at a better time.

"Holiday traffic can create significant chaos for small islands," says Steven Kelly, President of Odyssey Aviation Bahamas. "Flight departments, more than ever, desire good service and trusted representation for their passengers on arrival. Through its handling services, Odyssey Aviation Governors Harbour (MYEM) and Odyssey Aviation Rock Sound (MYER) bring what no one else has to this market – reliability, consistency and a high level of safety and quality service."

Sylvie McCartney is the Station Manager for both of the new locations on Eleuthera. Sylvie trained at Odyssey Aviation Nassau (HQ) for several months and is fully prepared to bring Odyssey's professionalism and dedication to these two airports.

Eleuthera is 60 miles east of Nassau and is best known for its tiny coastal islands and secluded beaches, the most famous being Harbour Island. For more information, visit www.bahamas.com.

About Odyssey Aviation:

Odyssey Aviation Bahamas is an independent FBO brand headquartered in Nassau, The Bahamas with four FBO and handling locations at Nassau International Airport (MYNN), Exuma International Airport (MYEF), Governors Harbour Airport (MYEM) and Rock Sound Airport (MYER).
